AI Foundations & Industry Overview for
Telecommunication

Network and Security Optimization in
Telecommunication

Customer Experience in
Telecommunication

 **AI CERTs®**

Jun 29, 2026

Waseem Raza

has successfully completed the online Specialization

AI for Telecommunications

This certification prepares learners to lead AI-powered transformations in telecommunications. Through comprehensive learning pathways in network optimization, IoT, and cybersecurity, participants gain hands-on experience with AI tools and techniques, including Python and TensorFlow. Learners will apply their skills in a real-world telecom capstone project, driving innovation in intelligent connectivity.

 **AI CERTs®**

AI CERTs Team

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
